ANNUAL REPORT

Report of the Public Health Nurse

Once again it is time to review the accomplishments of the past year. One of the objectives of the nursing service is to promote the independence of the family in dealing with its own health problems. Health teaching and guidance, nursing care of the sick, control of environmental hazards to health are inseparable components of total family care. Through community participation and interest a great deal has been accomplished but much remains to be done.

During 1956 much effort has been made to protect as many as possible against polio. Free vaccine was first provided for all children from 5-14. The first clinic was held in January and 104 children received their 1st shot. As more vaccine was available it was offered to all from birth to age 20. In July it was first offered at C.H.C. and the response was good. The vaccine was released for 3rd shots in December and 82 children were given booster shots. A period of 7 months should elapse before 3rd shots are given. The age group from 14-20 is still the less well protected group.

Child Health Conferences are held on the 2nd Tuesday of each month between 3-5 p.m. from May through October. I will include the attendance since 1947.

| Year | Number of Conferences | Total Attendance |
|------|-----------------------|------------------|
| 1947 | 6 | 53 |
| 1948 | 12 | 125 |
| 1949 | 11 | 81 |
| 1950 | 10 | 61 |
| 1951 | 6 | 76 |
| 1952 | 5 | 49 |
| 1953 | 6 | 55 |
| 1954 | 6 | 48 |
| 1955 | 6 | 48 |
| 1956 | 6 | 127 |

Periodic visits have been made to the schools to assist the teachers with health problems. With the use of the puretone audiometer it is now possible to check the hearing of pupils in lower grades. One hundred thirty-six children were tested and 5 were found to have some type of hearing difficulty. Parents were notified of these findings and advised to see their family physician.

ANNUAL REPORT

Home visits have been made at the request of families and whenever any special help could be given.

I wish to take this opportunity to thank all those who have helped in various ways to make the program a success. Without their loyal support our problems would be very much increased.

I am especially grateful to the selectmen, health officer, superintendent of schools, teaching staff, and last but not least to the members of the Community and Health group who have furnished volunteer help in so many activities. With your continued interest I hope the program can be further expanded in 1957. It is a challenge and a pleasure to serve you.

Respectfully submitted,

Florence G. Poirier, R. N.

Division of Public Health Nursing

PROGRESS REPORT ON MOUTH HEALTH PROJECT

During October 1956 the elementary and preschool children again participated in a mouth health education and dental decay prevention project for which a registered dental hygienist from the Department of Health and Welfare was engaged.

The basic principles of mouth care were taught to approximately 71 children; 71 received mouth examinations, and 52 commenced topical applications of sodium fluoride solution for decay prevention, nearly all completing the full series of four applications.

ANNUAL REPORT

We have been fortunate in obtaining a good staff of teachers. An improved salary scale has helped in this respect. During the past year the schools have operated with a minimum of difficulty. In June 1956 we had four teachers retire. I wish to call attention particularly to the long years of service of Mrs. Grace L. Smith and Miss Mildred L. Day. They served this Town long and well. Their good influence over large numbers of children can never be measured. They were dedicated school teachers.

Reports from high schools where North Kennebunkport children are attending school, indicate that most children are meeting with good success, and many are doing exceptional work.

The nursing service was of great value again this year. The dental and polio clinics were conducted according to schedule.

I wish to call attention to the Jacob's Report to the State Legislature which proposes reorganization of school districts, State subsidy and teachers' salary scale. Citizens should follow this proposed legislation closely as it will effect local school organization and finance, if passed.

I am still hoping the time will come when we can have a new consolidated school. The possibility that federal aid for construction may be available, seems to be more promising than in some years. It is not necessary for me to explore again the need for new facilities as I believe all citizens are convinced that we should have a modern school. The problem is one of finance and I hope that ways and means can be devised in the not too distant future.

I wish to thank the School Committee, teachers and parents for their continued cooperation.

Respectfully submitted,

Paul Larrabee
Superintendent

January 15, 1957

ANNUAL REPORT

REVISED CIVIL DEFENSE

Air Raid Instructions

Published by the Federal Civil Defense Administration

ALERT SIGNAL

A steady blast of 3 to 5 minute on sirens, whistles, horns, or similar devices.

WHAT TO DO

Tune your AM radio to a Conelrad station (640 or 1240 kc) for emergency instructions.

Know your local civil defense emergency plans. Obey police and civil defense instructions.

DO NOT USE THE TELEPHONE.

DO NOT become panicky if your radio is silent for a short time. This is necessary to switch to emergency broadcasting frequencies.

TAKE COVER SIGNAL

Wailing tone or short blasts for 3 minutes on sirens, whistles, horns, or similar devices.

WHAT TO DO

AT HOME: Get into your home shelter immediately.

If you have none, shut all outdoor doors and windows and take cover in the basement or an interior first-floor room.

OUTDOORS: Seek the best available cover.

STAY PUT until you get word to come out.

IMPORTANT: If you see a bright flash of light, take cover instantly.

640 Remember Conelrad Is The Key 1240

AUDITOR'S REPORT

Board of Selectmen

Town of North Kennebunkport

North Kennebunkport- Maine

Gentlemen:

In accordance with your request, we have audited the records of the Town of North Kennebunkport, for the municipal year ended January 19, 1956.

The examination was made in accordance with generally accepted auditing standards, and included all procedures which we considered necessary. Insofar as could be determined, within the scope of the examination, the financial affairs of the Town appear to have been administered in a proper manner.

The results of the audit are disclosed in the exhibits and schedules embodied in this report, and fairly present the financial position of the Town of North Kennebunkport, and the results of its operations for the municipal year ended January 19, 1956»

Respectfully submitted,

L. Everett Outhouse
