Report of Superintendent of Schools

To the Honorable Board of Selectmen and Voters of

North Kennebunkport:

Following is my sixth annual report of schools:

I am aware that the tax problem is one that touches the majority of the people of our country, and yet the tax if properly made is one of the things that should be most cheerfully met. If it is not properly made, people have the remedy in their own hands. Inhabitants of the United States, of Maine, of this town, govern themselves. The welfare of any individual is bound up in the welfare of all. All must agree that a state or town will be no wiser than its various parts. Hence the necessity for education. Education is variously defined. Space is not adequate here to discuss it, but admitting it is a necessity as commonly understood, what is needed? There must be schoolhouses, teachers, books, janitors, etc.

Schoolhouses must be comfortable and sanitary and as conveniently located as possible.

Teachers must be capable, conscientious, and certificated. Text-books should be sufficient so that pupils may be amply supplied.

Janitors are very important in order that the schoolhouse may be kept comfortable, clean and sanitary.

The above are minimum requirements for good schools. The better school facilities, the more attractive is the town to locate in. No tax then should be more cheerfully paid than taxes for schools.

Everyone that owns buildings finds it necessary to make repairs annually. If he does not, he soon finds everything going to pieces. It is the same with town

property. It is better to make repairs annually. "A stitch in time saves nine."

Repairs

The law of 1921 for the improvement of sanitary conditions in school buildings was met last year by an appropriation for the re-arrangement of the Burnham school. Very gratifying changes have been made. Another appropriation should be made this year to continue this work at another school. The increased cost of building materials and higher cost of labor make necessary as liberal an appropriation for repairs as circumstances will permit. At the same time the regular annual repairs must be kept up. The appropriation for repairs in order to keep the schools in good running condition should be at least \$600.

It is impossible to estimate beforehand exactly the cost of running a school or repairs. Unexpected expenses come up, especially in repairs. The number of pupils changes by no fixed rule, and books wear out. I am glad to say that the Superintending School Committee and Superintendent will try to keep expenses at the lowest possible point consistent with efficiency.

The expenditures for schools of North Kennebunkport for the last year were \$3,289.69. Subtracting \$661.81 paid for tuition, and dividing the remainder by 3 it is found that each school averaged to cost approximately \$875.

Transportation is one of the problems that confronts us every year. On account of the increase of pupils near the Iron Bridge, I should advise opening the Iron Bridge school, and if this is done, it will necessitate a larger appropriation for schools—at least an increase of \$875 and 25 for equipment.

Text-Books

Your Superintendent has been handicapped in the matter of text-books and would advise an increase to \$75 for text-books, which will be scant enough for needs of your pupils.

My thanks are due the School Board members for their kind consideration and co-operation.

WARRANT

For Town Meeting—1923

STATE OF MAINE.

County of York, ss:

To Herbert W. Huff, Constable of the Town of North

Kennebunkport, in said County, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of North Kennebunkport, qualified by law to vote in town affairs, to ass[e]mble at Town House, in said town, on the 5th day of March, 1923, at ten o'clock in the forenoon, to act on the following Articles, to wit:

Article One—To choose a Moderator to preside at said meeting.

Article Two—To see if the Town will vote to dispense with the check list at this meeting.

Article Three—To choose all necessary town officers for the ensuing year.

Article Four—To see how much the town will vote to grant and raise for the support of common schools.

Article Five—To see how much the town will vote to grant and raise for High School tuition.

Article Six—To see how much the town will vote to grant and raise for repairs and insurance on school buildings.

Article Seven—To see if the town will vote to grant and raise the sum of Fifty Dollars (\$50.00) for free textbooks.

Article Eight—To see if the town will vote to grant and raise the sum of one hundred dollars (\$100.00) for salary of Superintendent of Schools.

Article Nine—To see if the town will vote to grant and raise the sum of twenty-five (25.00) for school supplies.

Article Ten—To see what action the town will take for the improvement of sanitary conditions in school building toilets, as required by law, and raise money for the same.

Article Eleven—To see what sum of money the town will vote to grant and raise for the repair of roads and bridges, and see what sum of money shall be paid to the Road Commissioners per day for their services, and fix the price per hour for labor on highways.

Article Twelve—To see if the town will vote to grant and raise the sum of Three Hundred Dollars (\$300.00) to repair the Proctor Road, so-called, on petition of Forrest G. Spofford and nine others.

Article Thirteen—To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 19 of Chapter 25, of the Revised Statutes of 1916.

Article Fourteen—To see if the town will appropriate and raise the sum of \$533.00 for the improvement of the section of State Aid road, as outlined in report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges; the above amount being the maximum which the town is allowed to raise under the provisions of Section 18, Chapter 25, of the Revised Statutes of 1916.

Article Fifteen—To see what sum of money the town will vote to grant and raise for the support of the poor.

Article Sixteen—To see what sum of money the town will vote to grant and raise for the payment of snow bills.

Article Seventeen—To see what sum of money the town will vote to grant and raise for the contingent expenses.

Article Eighteen—To see if the town will vote to grant and raise the sum of Two Hundred Dollars (\$200.00) for the control of the White Pine Blister.
