ages of five to twenty-one. There were 164 boys and 124 girls.

State subsidies totaled \$4,125.77, distributed as follows: Teach-  
ing positions: \$2,347.57; High School tuition: \$875.00; Census:  
\$763.20; Conveyance: \$140.00.

Equalization funds amounted to \$1,168.00.

Financial accounts are in satisfactory condition, summarized:

Account	Resources	Expenditures	Balance
Common School	\$10,241.39	\$9,796.97	\$444.42
High School Tuition	4,748.69	4,330.61	418.08
Books	732.02	647.85	84.17
Supplies	637.23	313.10	324.13
Repairs	653.04	312.79	340.25
Flag	0.27	0.00	0.27
Superintendent	162.50	65.25	97.25

Transferred from the Equalization Fund: To Common Schools,  
\$500.00; High School Tuition, \$646.00; Books, \$400.00.

Appropriations for the coming year should be about the same as last year.

Now that the war is over and building materials will soon be obtainable, consideration should be given to the erection of a modern elementary school building, housing several of the schools located in various sections of the town. Under certain conditions grants are obtainable from the government. Our present educational system does not permit the best training for the boys and girls. Employment will become more highly competitive in the future, and elementary school preparation furnishes the groundwork for success.

The establishment of a sinking fund would be a big start to a building program, and would be much easier on the taxpayer.

Good public education demands a wise, consistent and continuing process. The members of the school board who have guided and now guide the schools through the most precarious period in history deserve a very broad measure of confidence and gratitude. Considering all circumstances, they did a very fine job.

In the tragic death of Mrs. Marion Moore, the schools and community lost a staunch friend, whose life and character were beautiful beyond expression. To all those who knew her, the memory of her kindly ways and personality will be most cherished. To her saddened family go the heartfelt sympathy of the entire community.

Mr. Forster Moore was appointed to fill the unexpired term on the school board.

After every period of great emotional stress following each war, ill feeling and fault-finding becomes a common state of affairs. Fortunate indeed will be the lot of this country if we can avoid a recurrence. Every community in the nation must work together to rebuild our democracy. We must all work together.

For the cooperation of town officials, citizens, teachers, boys and girls, I am grateful.

Respectfully submitted,

PHILLIP H. WOODWORTH,

Supt. of Schools.

## Public Health Nurse

I herein submit a brief report of service rendered the Town of North Kennebunkport by the York County Tuberculosis and Health Association for the period beginning January 1, 1945, to December 31, 1945.

One of the important objectives of our Health Program is casefinding, prevention and control of Tuberculosis. It is a communicable and an infectious disease. Finding the Case early not only gives an opportunity for cure but prevention of infection to other members of the family and fellow citizens. Seventy-two students were given the Tuberculin Patch Test. One positive reactor was found and taken to Sanford for chest x-ray by the State diagnostic clinic.

Several visits were made to each school to complete our school health program for the year. Eighteen visits were made to homes of school children, some for Tuberculosis follow-up, some for other communicable diseases, pediculosis and bad colds. Also, home calls were made to parents of children who were greatly in need of dentistry, tonsillectomies and vision corrections.

All the school children were given nose and throat examinations by Dr. Macdonald of Kennebunk. A special effort is being made by the teachers and nurse to have every student qualify 100% Good Health. Our country needs hardy, self-reliant, responsible youth. This means our school children must have freedom from defects, proper nutrition, adequate sleep, rest, relaxation and supervised physical exercise. Immunization clinics were held in three schools. Immunizing was done by Dr. Macdonald, Kennebunk.

66 pupils were given smallpox vaccinations.

71 pupils were given diphtheria toxoid.

Health inspections were completed in all schools.

No. pupils inspected	177
No. pupils with defects	115
No. pupils with no dental defects	72

No. pupils with the following defects:	
Teeth (deciduous)	74
Teeth (permanent)	45
Throat	22
Vision	8
Evidence of pediculosis	8
Unclean scalp	2
Hearing	1
Corrections made during the year:	
Teeth	24
Throat	1
Vision	1

With sincere thanks to the teachers, Mr. Woodworth, superintendent of schools, and citizens for their help in conducting the Health Program.

Respectfully submitted,

York County Tuberculosis and Health Association,

By: NELLIE P. SAWYER, R. N.

Public Health Nurse.

## Auditor's Report

STATE DEPARTMENT OF AUDIT

Augusta, August 29, 1945.

Board of Selectmen

North Kennebunkport, Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944 and at your request, the records of the town of North Kennebunkport have been audited for the period February 7, 1944, to February 6, 1945.

Our examination was made in accordance with generally accepted auditing standards applicable in the circumstances and included all procedures which we considered necessary. Insofar as we can ascertain within the scope of our examination, the result discloses that the financial transactions of this town have been satisfactorily handled.

Comments and schedules prepared by Auditor Bragdon are incorporated in this report. There should prove of interest to you.

All of which is respectfully submitted,

Very truly yours,

FRED M. BERRY,

State Auditor.

To: Fred M. Berry, State Auditor.

From: Morris W. Bragdon, Auditor.

Re: Audit of the town of North Kennebunkport, Feb. 7, 1944,  
to Feb. 6, 1945.

An examination has been completed of the books of account and records of the town of North Kennebunkport for the municipal year ended February 6, 1945.

Exhibits and schedules are submitted which, in our opinion, properly reflect the financial status of the town.

### ASSESSORS

The valuation book was verified to the warrant of commitment, and any supplemental taxes checked.

All abatements were examined and found authorized by a majority of the Assessors.

In our opinion, the valuation records appeared to adequately describe the various properties, and the book was properly signed.

#### TAX COLLECTOR

The 1944 tax commitment was compared with the records of the Assessors and found in agreement. The total commitment was accounted for by cash paid to the Treasurer, abatement, or unpaid taxes, according to the records of the Collector.

All payments on prior years' taxes were checked for proper handling, and those remaining unpaid reconciled with the control accounts.

The commitment book for the current year's taxes was found signed by the Assessors, but the warrant was not properly filled in.

#### TREASURER

As far as could be ascertained, all receipts were recorded and promptly deposited in the bank.

Expenditures were made by check from authorized warrants and partly substantiated by payrolls and vouchers on file. All checks were compared in detail with the individual items on the warrants,

Payments on tax liens and deeds were verified with the cash records. All liens and deeds remaining unpaid at the close of the year were found on file.

The Cemetery Trust Fund bank book was examined and the income found properly paid.

#### TOWN CLERK

The records of the Clerk were examined as to appropriations and salaries of officials.

Dog licenses, and hunting and fishing licenses, were checked and all monies received from these sources were properly paid to the State Treasurer.

#### SELECTMEN

The bookkeeping records were found in fair condition. In-

voices and payrolls paid appeared to be proper charges and correctly recorded. It would seem advisable, however, to have the expense vouchers of the Selectmen list the expenses incurred in detail.

The school superintendent did not include the wages paid janitors during the year as a charge against school funds. This amount of \$357.98 has been so treated in this report, with the result the Common Schools balance is given as \$729.69 instead of \$1,087.67 as shown in your town report.

#### GENERAL

Fidelity bonds covering the Treasurer and Tax Collector were found on file with the Town Clerk.

Verifications to the extent deemed necessary were made of asset and liability accounts.

(Signed) MORRIS W. BRAGDON,

Auditor.
