Report of the Superintendent of Schools

To the Honorable School Committee, Selectmen, and Citizens
of North Kennebunkport:

LADIES AND GENTLEMEN :

It is with especial pleasure that I submit this, my eleventh annual report of schools, for your approval. Many of the same general trends noted in the reports of the last few years are not materially changed.

In the first place, your census this past April was the largest reported in the ten years I have compiled these statistics. The enrollment of pupils in the schools was 13 less than last year. May I, therefore, at the outset present a detailed study of the enrollment of pupils attending your schools.

All enrollment data is dated September 25th. At that time the Irving School enrolled 10 pupils and was the smallest school in North Kennebunkport. Miss Irene F. Littlefield resigned from the Irving School in June to take a town school in Kennebunk. Miss Florence E. Nunns was elected to this position. This is the only change in the teaching staff this year. The Iron Bridge School has an enrollment of 15 pupils. The North Chapel School has an enrollment of 16 pupils. At Burnham Primary 26 pupils were reported, and at Burnham Grammar 27 pupils were reported. Durell has the largest enrollment in ten years, with 26 pupils reported. The school population is made up of 56 girls and 64 boys. This gives a total enrollment of 120.

The plan of departmentalizing the teaching of certain grades at Burnham School has proven to be highly satisfactory to the teachers and beneficial to the pupils. The superintending school committee feel that the departmentalizing of this school is an advanced step in education. The classes have made commendable intellectual progress and enjoy whatever diversity of programme and curriculum the departmental plan has inaugurated. Burnham School is now unique in being the only rural school in the Union that has departmentalized its curriculum.

The disciplinary problems at all the schools have been, when taken as a whole, quite satisfactory. I think some of your schools have an excellent spirit of helpfulness and good will pervading them.

TUITION

There are three pupils of North Kennebunkport at Thornton Academy, seven at Biddeford High School, two at Kennebunkport High, and eleven at Kennebunk High School. Last year, 13 pupils of North Kennebunkport were in high school; this year there are 23 in high school. There are eighteen elementary tuition pupils of North Kennebunkport attending the various elementary schools of Kennebunk and Kennebunkport.

As has been pointed out in previous reports, tuition charges are in the nature of fixed charges, and as such we have no control over them. The proportion of pupils attending the high school when considered in connection with the grade enrollment is satisfactory. Many of these pupils are making sufficient progress to warrant our belief that although they receive only thirty-four weeks of schooling on the elementary level per year as compared to thirty-six in the towns affording high school privileges, they can, if they have the requisite native ability, still rank with the higher quartile of students on the high school level. This is a high compliment to your

teachers and indicates that satisfactory results are being attained in your schools.

Five pupils will graduate from high school this spring, and next fall nine pupils will take their places. There will be 27 pupils in high school next fall. High school tuition next year will be about \$2,000. The high school appropriation should be advanced to meet this need.

The State law in regard to tuition is, hereby, brought to your attention. Superintendents in Unions not maintaining high schools, in reporting tuition paid for the year ending each June, must present evidence that all tuition has actually been paid either by cash or town order before any reimbursement can be made by the State. In order to secure reimbursement from the State, it is necessary that town orders be followed through to the extent of payment actually being made by the treasurer to the receiving town and evidence of the payment of the same by the receiving town.

Tuition is due June 30th. The law provides that if tuitions are not paid by September 1st, interest shall be charged at the rate of six per cent. The law further provides that upon notice by the receiving town, that tuitions are unpaid on September 1st, the Commissioner of Education shall charge interest in such amounts at the rate of six per cent from the first day of September and that he shall charge any such payment against the apportioned fund of the sending town at the time of the regular annual payment in December.

This State law makes it mandatory that tuition bills be paid promptly. North Kennebunkport has always paid promptly and is not likely to do otherwise. However, since it seems likely that tuition cost will advance with each year for a time, your appropriations must prepare to take care of it or it will be automatically deducted from the December subsidy with interest.

The development of property along route one indicates

that Durell School cannot accommodate long the increased

enrollment at that school. This school is crowded to capacity at this time.

The school buildings are in need of paint. The outside surfaces will rapidly deteriorate unless they can be painted in the near future. The repair account has an overdraft of \$43.12.

The town is to be congratulated on their good luck in discovering the Burnham fire before much damage had been done.

The insurance collected is reported as \$162.50. We are indeed fortunate in escaping this threatened loss.

The usual statistical data will accompany this report

Respectfully submitted,

H. C. HULL

WARRANT

For Town Meeting, March 2, 1936

STATE OF MAINE

COUNTY OF YORK, SS.

To Florence R. Hayes, Constable of the Town of North
Kennebunkport, in said County, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of North Kennebunkport, qualified by law to vote in town affairs, to assemble at the Town House, in said town, on the 2nd day of March, 1936, at ten o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To see if the town will vote to dispense with the use of the check list at this meeting.

Article 3. To choose all necessary town officers for the ensuing year.

Article 4. To see what sum of money the town will vote to raise for the support of the common schools.

Article 5. To see what sum of money the town will vote to raise for high school tuition.

Article 6. To see what sum of money the town will vote to raise for repairs and insurance on school buildings.

Article 7. To see what sum of money the town will vote to raise for free textbooks.

Article 8. To see what sum of money the town will vote to raise for school supplies.

Article 9. To see what sum of money the town will vote to raise for salary of superintendent of schools.

Article 10. To see what sum of money the town will vote to raise for the repair of roads and bridges.

Article 11. To see what sum of money shall be paid to the road commissioners per day for their services, and fix the price per hour for labor on the highways.

Article 12. To see if the town will vote to divide the common road appropriation between its road commissioners and a mileage basis.

Article 13. To see if the town will vote "Yes" or "No" on the question of raising and appropriating money necessary to entitle the town to State Aid as provided in Sec. 20, Chap. 28, R. S. 1930.

Article 14. To see what sum the town will vote to raise and appropriate for the improvement of the section of State Aid road as outlined in report of State Highway Commission (in addition to the amounts regularly raised for the care of ways, highways and bridges) under provisions of Sec. 19, Chap. 28, R. S. 1930. or under provisions of Sec. 3, Chap. 175, P. L.

Article 15. To see if the town will vote to raise a sum of money to cut and destroy all bushes on State highway. State

Aid and third class roads, to comply with Chap. 145, P. L. 1927, and if so, how much.

Article 16. To see if the town will vote to raise the sum of three hundred ninety-two dollars to repair and maintain third class roads, to comply with Sec. 43 to 47, Chap. 28, R. S. 1930, as amended by Chap. 175, P. L. 1933.

Article 17. To see if the town will vote to raise a sum of money to pay bond and interest coming due this year.

Article 18. On petition of Henry G. Sinott and thirty-one others, to see if the town will vote to grant and raise a sufficient sum of money to purchase two V-shape snow plows to be used in front of trucks.
